# Algoritmi un programmēšanas metodes(English)(1),25/26-P QUIZ - T7 - Dynamic Programming

**Started on** Friday, 20 March 2026, 5:14 PM

**State** Finished

**Completed on** Friday, 20 March 2026, 5:19 PM

**Time taken** 4 mins 30 secs

**Marks** 5.00/5.00

**Grade** 10.00 out of 10.00 (100%)

## Question 1

Complete

Mark 1.00 out of 1.00

When do we use Dynamic Programming?

Select one:

- ☐ a. When we can reduce the problem to 0-1 knapsack problem
- ☐ b. When we need a solution with max length property
- ☒ c. When the solution has optimal substructure
- ☐ d. When we need faster than Greedy solution

## Question 2

Complete

Mark 1.00 out of 1.00

What approach do we use when performing bottom up technique in Dynamic Programming?

Select one:

---

- ☐ a. Memorization
- ☐ b. Tabling
- ☐ c. Memoization
- ☐ d. None of the mentioned
- ☒ e. Tabulation

## Question 3

Complete

Mark 1.00 out of 1.00

What is **memoization**?

Select one:

---

- ☐ a. Optimization technique - storing results of function calls in a dispatch table and building up the table
- ☐ b. Optimization technique - storing frequently called functions and returning the functions when needed
- ☐ c. Memory technique for remembering frequently forgotten words
- ☒ d. Optimization technique - storing results of function calls and returning the cached result for same inputs

**Question 4**

Complete

Mark 1.00 out of 1.00

What happens when a top-down approach of dynamic programming is applied to any problem?

Select one:

- ☐ a. Time complexity and Space complexity both decrease
- ☐ b. Time complexity and Space complexity both increase
- ☒ c. Time complexity decreases and Space complexity increases
- ☐ d. Nothing
- ☐ e. Time complexity increases and Space complexity decreases

**Question 5**

Complete

Mark 1.00 out of 1.00

Which is of the following problems is best suited for dynamic programming?

Select one:

- ☐ a. All of the mentioned
- ☐ b. BinarySearch
- ☐ c. HeapSort
- ☐ d. MergeSort
  - b) Binary search
  - c) Longest common subsequence
  - d) Quicksort
- ☒ e. Longest increasing subsequence
- ☐ f. None of the mentioned
